

## Gemini 5

This has to be one of our loveliest villas! Surrounded by a beautiful indigenous garden this house is just across the road from the popular Robberg Beach. The location just cannot get any better. In the garden is an open boma which is such gem. The main living area is on one level and has an expansive open plan lounge, dining and kitchen area. The kitchen is very equipped and airy. The lounge and dining area open onto a magnificent wooden outdoor el-fresco living and dining area. The master bedroom which all opens up with shutters onto the deck is also situated on this level. Downstairs are another three bedrooms that open onto the lower garden deck. There is also another sitting room downstairs as well as a games room. Much attention and love has gone into the decor and ambiance of this property.
