

Jack Case 13

Robberg Beach is definitely sought after as a fantastic location in Plett and Jack Case 13 is therefore very convenient as it is a very close walk to the beach. On the ground floor is a paved pool area. The pool does have a pool net. On this level is a spacious living and television room. There are three bedrooms and two bathrooms. All these bedrooms open up onto the pool courtyard. On the middle level is the main living area which includes a dining area, modern kitchen and sitting room. This all leads onto an outdoor patio with dining area, sun lounges and a pizza oven. There is also a bar in the sitting area. The patio stretches the length of the living area on this level. The views are stunning from this living and entertainment area. Upstairs is a large master bedroom with a balcony and fantastic sea views. Just walk from the property on the path to the beach – location could not be better.
