

Gemini 5

This has to be one of our loveliest villas! Surrounded by a beautiful indigenous garden teeming with birdlife, the house is just across the road from the popular Robberg Beach. The location cannot get better. A boma in the garden, an outdoor pizza oven and an immense wooden deck, lend themselves to dining out under the stars. The main living area is on one level with an expansive open-plan lounge, dining and kitchen area with a long central island for food prep. The lounge and dining area open onto a magnificent 'al-fresco' living and dining area. A spacious master bedroom, also on this level, opens up with slider shutters onto the deck. Downstairs a further three bedrooms have sliders that give access to the lower deck and views of the fynbos. An additional sitting room and games room are downstairs. With a focus on natural materials, wooden floorboards and cement floors scattered with Nguni skins, the house offers a perfect holiday lifestyle.
