Beachy Head 2

This gorgeous beachfront villa combines unique décor with a relaxed Mediterranean and Mexican-inspired charm. The location is superb, perfectly positioned on Robberg Beach, with easy beach access and access via the bridge next to the Beacon Isle Hotel to Central Beach as well. It is within walking distance to the Beacon Island Hotel, Central Beach restaurants, and the Kwik Spar shopping Centre and restaurants. The views from this villa are sublime. At the heart of the villa is a sheltered pool courtyard, complete with a generous al fresco dining area, perfect for relaxed outdoor entertaining. The kitchen is thoughtfully positioned between the courtyard and the main living area with a serving hatch opening directly onto the outdoor dining space. The spacious, light-filled main living area flows seamlessly onto a sea-facing terrace, while a second living area or playroom downstairs opens onto another inviting outdoor seating area. The villa offers six bedrooms, comfortably spread across three levels: one on the main living level, one downstairs, and four upstairs. The upper level also features lovely private sun soaking areas. Exceptionally well equipped and utterly charming, this much loved home is ideally suited to multi-generational families, offering plenty of space to come together while still offering private retreats to relax and unwind.
