

Beachy Head 37

Beachy Head Drive is an extremely sought-after spot in Plettenberg Bay. This is because it has easy access to the beautiful and popular Robberg Beach. This property is situated on Beachy Head and therefore ideally located as a holiday villa. On the entrance level is a dining room, lounge and kitchen. There is also a bedroom on this level. The back garden is beautiful and a wooden deck with el fresco dining overlooks this lovely garden which houses a swimming pool in tranquil settings. Having the pool in the back garden ensures it is protected from the sea breeze. Upstairs is a spacious television lounge and three bedrooms. There is a balcony off this level and sea views. This home has been lovingly revived and is extremely comfortable as a holiday beach villa.
