

## Red Box

This amazing villa is one of a kind, situated a short stroll from the popular Robberg Beach. There are lovely views over the neighbouring greenbelt and wetland that make for a tranquil setting, with a continuous chorus of birdsong in the background – a birder's paradise! The villa, innovatively designed to afford several accommodation options, is large, airy, and spacious. The pool is surrounded by an attractive decked area overlooking the greenbelt. The villa has two complete wings that can be sealed off if guests require fewer bedrooms, so it can either be rented as an entire unit of 9 bedrooms, or only using one wing of 5 or 6 bedrooms, with all facilities of private kitchen, lounge, dining, pizza oven, fireplace, indoor braai and pool applying to both options. Either option offers complete privacy and security. Housekeeping services are offered, as are daily laundry services. Fully secure with electric fence, alarm and armed response. Secure parking for 7 cars on the property. The décor is tasteful and works well with the architecture. An amazing experience!
