

Sea Grass

Stylishly simple and within easy walking distance to Solar Beach, this house is the perfect beach house. Solar Beach is part of Robberg Beach, which stretches from Robberg Nature Reserve to Beacon Isle. Seagrass is just a 100m walk from the beach. Centred around the pool deck, the design creates an easy living atmosphere. The pool deck has a pool, sunken lounge (ideal for long lazy days and evenings with perfect sunset views.) An outdoor dining table and a barbeque sets the scene for alfresco lunches and dinners. The lounge and dining room also open up onto the deck ensuring one large area in good weather. The lounge has a lovely fireplace which creates a warm cosy atmosphere for those cool evenings. The main bedroom faces the garden with a full en-suite bathroom with an outdoor shower and French doors leading onto a small garden. The second and third bedrooms have twin beds (2 x 3/4 beds in one of them) that share an inter-leading bathroom. Both have French doors opening onto the pool deck. The fourth double bedroom en-suite is accessed from the pool deck, with double French doors leading onto the pool. The deck has daybeds and comfortable furniture. Great for families and groups of friends alike. An extremely popular beach house.
